

**ACCOUNT ACCESS  
ANYWHERE - 24/7**

## **SIX STEPS**

### *to Safer Mobile Banking*

1. Never provide personal identification or banking information over your mobile device unless you initiate the contact and you know that you're dealing directly with your bank.
2. Assume any unsolicited text for personal or banking information request is fraudulent. Giving this information places your finances and privacy at risk.
3. Avoid sharing sensitive information such as your password, account number or answers to security questions. Don't save this information anywhere on your mobile device or phone.
4. Don't set the Web or client-text service to automatically log you in to your bank account. If your phone is lost or stolen, someone will have free access to your money.
5. Set the phone to require a password to power on the handset or awake it from sleep mode.
6. Immediately tell your bank and your cell phone provider if your phone is lost or stolen.

## Banking

To use Mobile Banking and SMS Text Banking, you must have an active User ID and Password for Consumer Online Banking.

### We offer three methods of mobile banking:

1. Mobile App Banking
2. Mobile Web Banking
3. SMS Text Banking

### MOBILE APP BANKING

Locate and download the PSB App from the Apple App Store (for iPhone) or from Google Play (for Android)

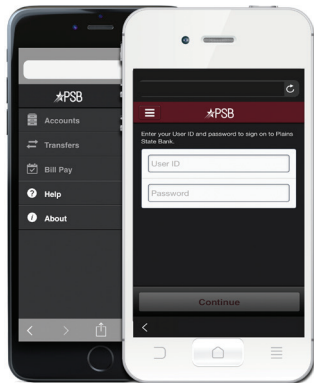

### MOBILE WEB BANKING

Access <https://psbplains.com/mobile> from your mobile device and complete the On Device Enrollment, or activate your device using the new Mobile Banking Center within Consumer Online Banking.

### SMS TEXT BANKING

Activate your device using the new Mobile Banking Center within Consumer Online Banking. SMS Text Banking features quick access to account balances and account activity.

Additional information regarding mobile banking is available from the **Learn more about Mobile Banking** link in the Mobile Banking Center within Online Banking.
